Norwex® Microfiber
Clean with Only Water

- Your home will have fewer chemicals. There’s simply no need for potentially unhealthy, chemical-laden cleaners.

  - At 1/200th the thickness of a human hair, Norwex microfiber has much more surface area per square inch of cloth. The result? Incredible cleaning power!
  - Absorbability and durability that are second to none. The dense weave of our ultra-fine fibers means you won’t find a better microfiber anywhere.
  - Our microfiber can save a typical family of four almost $500 per year on cleaning supplies!
- Tested to remove up to 99% of bacteria from a surface with only water.* Your home stays cleaner with fewer chemicals.
- Our BacLock™ antibacterial agent. Micro silver in the wet cloth self-cleanses within 24 hours to drastically reduce mold, fungi and bacterial odor. Your clothes and linens stay cleaner and fresher, longer.
- Microfiber Made from Recycled Materials. Helps reduce plastic in landfills!

Our Newest Innovation Is Made from up to 70% Recycled Materials!

How Norwex Microfiber Works

Traditional cotton cloth pushes around particles, spreading dirt, grease and moisture into the surface crevices, leaving it moist and unclean.

Norwex Microfiber lifts and collects particles. Norwex Microfiber attracts even the smallest particles of dirt, grease and moisture, leaving the surface free from everything.

Norwex Microfiber self-purifies. Used wet, the micro silver in the cloth goes to work with self-purification properties.

USE IT DRY TO DUST
Norwex Microfiber is a better way to clean. By producing an electrostatic charge, it picks up and holds even the smallest particles in its fibers, creating a cleaner surface that lasts longer with no harmful chemical residue to collect more dust.

USE IT WET TO CLEAN
When wet, Norwex Microfiber loosens and lifts the most stubborn dirt and debris up into the cloth and away from the surface. Simply wet thoroughly, wring well, fold flat and wipe away grime from all washable surfaces.

CARING FOR YOUR NORWEX MICROFIBER IS EASY:
For best results, simply wash using a Norwex laundry detergent and toss in the dryer. Avoid bleach, fabric softeners and dryer sheets as they will coat the fibers and reduce their ability to clean effectively.

When using on easily scratched surfaces such as brushed stainless steel, first test Norwex Microfiber on an inconspicuous spot. Do not use microfiber except Norwex Optic Scarf on anti-glare surfaces.

All Norwex Microfiber products carry a two-year warranty. Please visit www.norwex.com/product-guarantee for complete details.

My Story
T always dreamed of being a stay-at-home Mom for my kids, but also wanted to help provide for our family of six. Twelve years ago I learned about Norwex and its mission to reduce chemicals and create Safe Havens—and I knew I’d found a way to create income doing something that matters! Over the years, my annual Norwex income has grown to seven times what I was earning before. I’ve also earned 15 vacations that I never could have afforded, paid off tens of debt, and even purchased a vacation home in a much warmer climate. Plus, the relationships I’ve made with Hosts and Customers have been incredibly sweet. And watching team members build successful businesses has been such a blessing! What’s the best part of my Norwex business? FREEDOM to make my own schedule and travel often to spend time with precious family members, including my sweet granddaughter.”

**My Story**

“In 2010, I was a wife and mother and working full-time as a nurse in Wisconsin when I fell in love with Norwex products. So becoming a Consultant made sense—as a hobby, nothing more. Little did I realize that Norwex would become my thing. I’ve learned that magic happens when we push past our comfort zones. For the first time in my life I’m comfortable in my own skin, proud of who I am and the work I’m doing. As a Norwex Consultant I knew I’d have a positive impact on others, but never imagined the impact Norwex would have on me. Because of Norwex, my family and I have achieved so many dreams, including moving to Texas. For new-found confidence, strengthened relationships, and the consistent reminder to live a life with purpose—thank you, Norwex!”

**My Story**
"People often say, 'I love Norwex, but I couldn’t do this because I’m not a sales person.' I can relate, because I don’t feel like I am either! Instead, I view the Norwex Opportunity as a way to educate, create awareness and serve others. I was diagnosed with a rare cancer 15 years ago and started learning about the harmful chemicals surrounding us. I tossed my harmful cleaners, detergents, dryer sheets, air fresheners, etc., and I looked for ‘green’ products that actually worked. Divine intervention happened, and a friend introduced me to Norwex. She shared these life-changing products with me, and it didn’t take long to see that I not only wanted them in my own home, but I had to share them with others! Now, I love hearing my Customers tell me how Norwex has made a difference in their homes and in their lives.”

My Story
“Through Norwex, I’ve found the perfect mix of freedom, mission and even additional income that I never dreamed possible! The marriage of a great product and great opportunity made my decision to join easy. As I’ve grown my Norwex career, I’ve seen how this company is committed to the Mission and its Consultants in so many ways. This opportunity has provided a way to exercise my brain and skills, aside from caring for and loving on my four children and husband. Norwex works really well for us because it provides schedule flexibility plus additional financial freedom. Most of all, I love the fact that I am accomplishing all of these things while also helping others solve a very practical problem that everyone faces. God knew what a benefit Norwex would be for our family and me personally. I’m so glad I took advantage of this opportunity!”

I didn’t expect to have a career in sales, but it was love at first sight when I found the EnviroCloth®. I quickly learned that sales is really about service, and creating safer homes is a great mission to be a part of. I found that I thrive in business and leadership. Leading a team of hard-working Consultants has changed my life. Being a part of someone else’s success is a blessing I can’t describe. On top of all that, my Norwex income provides all the fun for our family of six! From Friday-night pizza, to summer camp, to Disney World® vacations... Norwex has covered it all! You’ll often hear someone in my family saying, ‘Thank you, Norwex!’

When I think of what Norwex has done for my family, I can’t help but be excited to share that with others. Norwex was there when our family had a health crisis. It allowed me to be able to find a safe, effective way to clean and eliminate the toxic fumes from my home. Not only has it given our family more financial freedom, but it’s brought some of my most cherished friendships into my life! I can’t think of a better job than having the flexibility to work around my family’s schedule. After eight years, I’m still convinced this is one of the best decisions I’ve ever made!

One of my dreams as a girl was to have my own business. Decades later, this dream came true. My husband was between jobs, which gave me the courage to take a chance on me. What began organically as a side income is growing to be more than a dream come true. I have never felt so fulfilled as I live my life as a ‘mompreneur,’ team-builder and legacy-maker. Now, a little girl’s dream has a life of its own and is growing to be a conduit of blessings to a growing number of people. Thank you, Norwex. I will never stop dreaming!
